All,

The attached agenda was sent to HQ today. You will notice I have shrunk Tuesday and Thursday due to the 12 hour limit on flight duration. We can discuss the changes I made but are stuck with the 12 hour limit.

Greg

Heidi and Rob,

Attached is the most recent version of the agenda for Administrator Jackson's Trip to Alaska, July 26-30. The most notable changes are to Tuesday and Thursday due to restrictions on the maximum duration on pilots flight time. Friday has also been compacted to allow for airline connections later that day. Refinements will continue to occur but this continues to be the basic template we are proposing.

Could I impose on you to share with HQ folks?

Thanks,

Gregory Kellogg
